Saturday May 9th Household Hazardous Waste Roundups

County-sponsored household hazardous waste roundups continue to take place in Torrance.

The next is scheduled from 9 a.m. to 3 p.m. June 6 at American Honda, 1919 Torrance Blvd. Organizers ask participants to enter the event from Harpers Way off Van Ness Avenue.

Participants can bring a maximum of 15 gallons or 125 pounds of household hazardous waste. Transporting amounts above the limit in a personal vehicle is illegal.

The county's Web site also asks participants to leave items in their original containers and to seal them, to not mix different wastes in one container, to label containers, if necessary, and to place all of the waste in a sturdy box.

Additional upcoming local roundups take place May 9 at Rancho Palos Verdes City Hall/City Yard, 30940 Hawthorne Blvd., and June 27 in the front parking lot of the National Guard Armory, 10808 Culver Blvd., Culver City.

For a detailed list of what is accepted at county-sponsored household hazardous waste roundups, for e-mail reminders and maps of upcoming events, go to the Web site at www.ladpw.org/epd/hhw/. Information also is available by calling 888-CLEAN-LA.
